Press Release

Technocover Limited Acquired By Ensor Holdings

Technocover Limited and its associated companies were acquired by Ensor Holdings PLC on Monday 16th January 2012.

Ensor are based in Wythenshawe, Manchester, and have group companies supplying industrial doors and access control equipment, building products and packaging materials.

The cash injection provided by Ensor will make Technocover stronger financially and secure jobs based in Welshpool.

Roger Harrison Chief Executive of Ensor said "Technocover is a fantastic company with a great reputation, supplying a recession resistance market. We are sure of a bright future"

Technocover supply physical security products and services to the UK and European utility companies such as water, power, communications and transportation.
